Re: Interim Significant Source  
Modification Petition  
I - 003-15914-00286

Dear Mr. Luma:

On September 10, 2002, the Office of Air Quality (OAQ) received an interim significant source modification petition from Superior Aluminum Alloys, LLC, located at 14214 Edgerton Road, New Haven, Indiana for construction of one (1) reverberatory furnace, identified as Furnace #4 with a maximum capacity of 28,000 pounds of aluminum scrap per hour, 10,233 pounds of chlorine flux per eight-hour charge, and a heat input capacity of 28 MMBtu/hr. Emissions will be controlled by a fabric filter baghouse with lime injection exhausting to Stack N.

Public notice of the interim significant source modification petition was published on September 12, 2002. The public comment period ended on September 26, 2002. Since there are no comments received during the public comment period, pursuant to 326 IAC 2-13-1(i), the interim significant source modification petition is in effect on September 29, 2002 and expires on the effective date of the final significant source modification permit. The interim significant source modification petition may be revoked after this effective date upon a written finding by the Indiana Department of Environmental Management (IDEM) that any of the reasons for denial in 326 IAC 2-13-1(h) exist or if the final significant source modification permit is denied. The IDEM has reviewed this interim significant source modification petition and has not found any such reason. The facilities specified in the interim significant source modification petition may not operate

until the final significant source modification permit is issued by OAQ.

The interim significant source modification petition is federally enforceable. Detailed construction and operation conditions will be specified in the final significant source modification permit 003-15914-00286.

If you have any questions regarding this interim significant source modification petition, please contact Mack Sims of my staff at 317-233-0867, or at 1-800-451-6027 (ask for extension 3-0867).

Sincerely,
